

Model RCB-25, 5/8-inch Rebar Cutter/Bender

IMPORTANT SAFETY INSTRUCTIONS

WARNING

TO REDUCE RISK OF INJURY:

- Read and understand all warnings posted on the tool. Failure to comply with all of these warnings may cause serious injury.
- This tool is designed and intended for the cutting of rebar. Use for any other purpose may void warranty.
- Always wear ANSI Z87.1 approved safety glasses or face shield while using this tool.
- Keep hands and feet clear of the cutting area. Keep bystanders away.
- Cut pieces of rebar may exit the tool at high velocity, causing injury – use appropriate precautions.

Operation:

90° BEND

1. Open handle and insert rebar between 3 & 4 & 1.

2. Close handle to bend rebar.

135°-180° BEND

3. Open handle & insert rebar between 3 & 1, 2 & 4.

4. Close handle to bend rebar.
